

The Puzzle Wizard SUBSCRIPTIONS PAGE

New subscriptions

Subscriptions are available for *World of Crosswords*, *Crossword Magic*, *All Giant Crosswords*, *All Large Crosswords* and *All Quick Crosswords*. Each of the five magazines are quarterly publications, meaning you have a total of twenty magazines per year from which to choose. All five magazines are the same size, each comprising 88 pages including front and back covers. Please note that *All Giant Crosswords*, *All Large Crosswords* and *All Quick Crosswords*, also with all original puzzles, are available on a subscription-only basis and are not sold in newsagents. The first issues of these new books were published in March 2009. Subscription options, all of which are given on the form below, allow you to choose either an 'Off-the-Shelf' subscription or to 'Mix-and-Match' books to create a subscription to your own liking. Costs start at \$22 for subscriptions of four issues and are based on the number of issues in the subscription. For example, any subscriptions of eight issues cost \$42, twelve issues \$62, right through to the crosswords fanatic's two-year subscription

comprising all five books - a total of forty books for \$175, working out at only \$4.38 per issue. All prices, which include postage for addresses within Australia, are considerable savings on what you'd pay over the counter. All magazines are delivered 'hot off the presses'! And don't forget that subscriptions make great gifts for friends or relatives.
